In 1859 Walter W. Burdette commenced the Dry Goods and Carpet business at No. 928 7th st. In 1874 he gave his nephew, Oliver P. Burdette, an interest in his store, which continued for five years, under the firm name of "W. W. Burdette & Co." At the expiration of the partnership, in 1879, the firm was dissolved by mutual consent and settled up, the said Oliver P. Burdette selling out his interest to the said W. W. Burdette. VENTION.—In response to an inquiry from a railway postal clerk as to whether the Postmaster General would favor the holding a convention of postal clerks of the sixth division, one of the obects being to enable clerks to make known to the Department their needs, Mr. Vilas replied that in his opinion such a convention was unnecessary, as clerks can make known such suggestions as may occur to them without meeting in convention. The business has been continued from 1879 to the present time by the said Walter W. Burdette, trading as "W. W. Burdette & Co.," although since the said dissolution W. W. Burdette has been the sole proprietor, to whom all claims against "W. W. Burdette & Co." should at once be presented for payment, and to whom all moneys due "W. W. EXTENDING THE FIRE LIMITS. The Commissioners Make Additions to the "Brick" Sections of the City.

THE REQUEST OF THE EAST WASHINGTON ASSOCIATION NOT GRANTED IN FULL-PARTS OF EAST AND SOUTH WASHINGTON IN WHICH FRAME BUILDINGS WILL BE TABOOED HEREAFTER.

The District Commissioners made an order to day amending the building regulations by extending the fire limits as follows: Beginning at the intersection of Boundary and and 11th street east; thence along Boundary to its intersection with 15th street east; thence south along said 15th street to its intersection with Tennessee avenue; thence along said avenue to its intersection with 11th street east; thence south along said 11th street to the Eastern Branch; thence along the right bank of the Eastern Branch to 9th street | was finally ordered for special examination, and west bank of the James Creek Canal; thence along said canal to P street south; thence along said P street to the left shore of the Potomac River; thence along the Potomac River to I street south; thence along the Potomac River to I street south; opened upon the affidavits of reputable citizens of with Lieut. S. C. Lemly as judge-advocate, has been ordered to meet at Norfolk, July 15, for the thence along said 11th street to its intersection thence along said 11th street to its intersection with Boundary.

FIRE MARSHAL DREW'S REPORT. Several months ago the East Washington Citizens' Association petitioned the Commissioners to to Lock Haven, and from there to Williamsport, extend the fire limits within the boundaries of the city, but, owing to the important questions in city, but owing to the important questions involved the matter remained in abeyance until it was submitted, some weeks ago, to Fire Marshal Drew for a report upon the advisability of the extension. His report was made July 7th, and he examined all that portion of the city outside the are limits bounded by 11th street east and I street south. In that section bounded by Maryland avenue and Boundary street, 11th and 15th streets, he found it sparsely built upon and containing an equal number of brick and frame houses; but so far as the section east of 15th street is concerned, e states that in some squares there is not a house to be found, and then they are only one-story shantles. One land is simply what is termed old commons, hills, hollows, and ditches, with no streets cut through. Acting upon the advice given by this report the Commissioners ordered the extension, as above stated.

THE BUILDING INSPECTOR'S VIEWS. Building Inspector Entwisle said to a STAR reporter that he had recommended the extension to over the section bounded on the east by the west ank of the canal, on the north by I street, on the south by P street, and on the west by the river. He considers that the extension over the other parts is unnecessary. "Why," said he, "look at the map, and you will see that there is not a street open or improved east of 11th street east, and I o not see any reason for making people build brick houses out there." Mr. Entwisie has always een opposed to the further extension of the fire to live in alleys. He said that he is giad, however, that the people who were interested in securing the extension have gained no more than this. THE EAST WASHINGTON ASSOCIATION.

Association, happening to come into the Commissioners' office this morning, was asked by the reporter how his associatiod would look upon the hey desired, still it was a step in the right direction. Mr. M. I. Weller, a prominent member of the association, said to the reporter, "Our association will pass a vote of thanks to the District Commis sioners. We want to force these men who have been making 20 per cent on their investments in East Washington to come down to 12 per cent. The houses to be condemned are those rows of frame tinder-boxes which the speculators run up at a cost of from \$350 to \$400 each, and then rent them for over \$9 a month. This extension will have a good effect. It will force these men to build brick houses, upon which they can make at the least a profit of 12 per cent. Then, again, it will help District industries. These bricks are made here, are of District ground, and the wages paid for their manufacture go to District workmen, who spend their money in the District. People who wish to build decent houses are deterred from doing so when men are permitted to erect firetraps on every side.

RECEIVER APPOINTED TO TAKE CHARGE OF A GOV-ERNMENT DRAFT.

To-day H. W. Breisford filed a bill against S. J Huston, of Portsmouth, Ohio, for an injunction and the appointment of a receiver. The plaintiff is a claim agent, and states that in December, paid 25 per cent of the amount received, and in May, 1886, there was allowed \$895.68, for which Paymaster Dewey, on October 11 last, issued his check, payable to Huston, and delivered it to complainant, and thereupon he requested of Huston a power of attorney to draw the money, but he refuses to give such authority, He further states that Huston charges that the fees are excessive, and has corresponded with the Treasury Depart-ment, and the Second Controller and the Secretary W. Pryor, W. J. G. Beams, A. H. Bickees of New York, and E. W. Alexander of Philadelphia, are at the National.—I. Schwerin and Chas. N. Taintor or New York, A. Barrett of Boston, H. H. On September 24, 1862, Francis Patterson enlisted as a private in Co. G. 154th N. Y. Volunteers After serving for about eighteen months he left his regiment and drifted to Elmira, N. Y. He was reported as a deserter. On June the 12th, 1866, he filed a claim for pension, alleging that he had incurred disease of the eyes at Stafford Court House, Virginia, in August, 1863, which resulted in total blindness. The claim had been pending for a long time in the Bureau of Pensions, and east; thence north along said 9th street to M on the resulting report was rejected. Patterson also disposed of several thousand more of the money, as will be seen hereinafter. After obtaining possession of the lion's share of the money Mills sent Patterson to Waverly, Pa., and cautioned him not to return to the State of New York, Mills himself left imme-

On Friday, the 17th ultimo, during the absence of the Commissioner of Pensions, one of the deputies received papers indicating that the pension had been paid, and that a fraud had been perpetrated upon the pensioner, and probably upon the the Government. Steps were immediately taken for the arrest of the guilty parties, the recovery of the money obtained by fraudulent means, and for the determination of the status of the alexant. the determination of the status of the claim. She was searched, and there was found upon her person \$635 in paper currency, which she and he admitted was a part of the Patterson pension money. At this time it was learned that \$3,050 of the money was put into a mortgage (in favor of Patterson) on a hotel at Wellsburg, at once taken by the Commissioner for the recovery of the money, &c. Mills and Laidlaw were subsequently removed to Elmira, put under \$800 bonds; re-arrested by the Bureau of Pensions, sent to Binghampton, and there held, each of them, in \$5,000 ball to await the action of the grand jury. The former succeeded in securing president called M. Laisant to order, which was bail. One Porter, the captain of Patterson's company, and an important affiant in the claim, was also put under \$5,000 ball.

PATTERSON CAPTURED. After Mills' arrest Patterson was spirited away from Waverly, and it was ascertained that he had gone to meet Mills at Stanardsville, Va., not knowing of the latter's arrest. The Commissioner of Pensions ascertaining that Patterson had left Stanardsville on the 27th ultimo, had him apprehended on the following day at Gordonsville, Va., where Patterson was found in company with his was had in all the cases on July 6 before U.S. Commissioner Hall, at Binghamton, N.
